College Park
San Juan, PR 00921

Re: Freedom of Information Request No. EPA-R2-2016-001177
Dated: November 9, 2015

Dear Mr. Molini:

Your request for information has been referred to this branch for response. We have searched the Resource Conservation and Recovery Act (RCRA) files and/or computer database as appropriate to respond to your request. In addition, you may also receive information from other program areas within this Regional Office, such as the Caribbean Environmental Protection Division. The Caribbean Environmental Protection Division will also have information regarding your request.

We are enclosing a copy of the RCRA Facility File Index Sheets for Buckeye Caribbean Terminals, Inc. (formerly Shell Chemical Yabucoa) on Road 901, KM 2.7 in Yabucoa, Puerto Rico. Also, enclosed is a partial copy of the archive list of documents for Yabucoa Sun Oil in Yabucoa, Puerto Rico. The archive documents that we have are located in Kansas City, MO. In the meantime, we are checking for another archive list of documents. We are also enclosing a copy of the RCRA Compliance Monitoring, and Enforcement Data Report regarding inspection information for Buckeye Caribbean Terminals, and any other previous inspections that were conducted when other companies were located at this location.

The approximate amount of RCRA information that we have for this facility is 210 inches. One inch is equivalent to 250 pages. The cost for copying each page is \$.15.

For further information regarding the fact sheets for Buckeye Caribbean Terminals in Yabucoa, Puerto Rico, you can access information from the internet at:
<http://www.epa.gov/region02/waste/fsshell.htm>.

Since you are located in San Juan, Puerto Rico, we recommend that you first visit our EPA Office at City View Plaza II Building, 7th Floor, Route 165 in Guaynabo, Puerto Rico. The EPA RCRA Project Manager for this site is Mr. Jesse Aviles-Silva, and his telephone number is (787) 977-5882. His email address is Aviles.jesse@epa.gov.

After your review of the files at the EPA Puerto Rico Office, you can then make arrangements to visit our office in New York City to review other files. We will arrange to make the files available to you that are located in our RCRA file room on the 15th floor. Kindly arrange your appointment with Mr. David Abrines of my staff at (212) 637-3043. The file offices are open between the hours of 9:00am - 4:00pm at the following address:

Room 1538, 15th Floor
290 Broadway
New York, New York 10007-1866.

Be sure to bring a copy of this letter when coming to our EPA New York City file office, and make reference to the EPA ID Number PRD090074071.

If you decide that you cannot visit us, another suggestion is that you can select the information that you need from the RCRA Facility File Index Sheets. You can place an asterisk next to the documents that interest you on the index sheets, and then e-mail the information to abrines.david@epa.gov. Afterward, Mr. Abrines will review the documents that you selected on the indexes, and contact you concerning the final cost. Keep in mind that if you decide to work from the enclosed index sheets, and not visit our office; you may not be looking at all of the documents that we have.

Regarding the archive documents for Yabucoa Sun Oil, we suggest that you first review the documents that are listed on the Facility File Index Sheets, and that are also available in our office. If you need to request documents from the archived list you will need to contact Mr. Abrines.

We also have documents for Yabucoa Sun Oil in Yabucoa, Puerto Rico, which may be considered confidential. We recommend that you first review all the documents that we have. If after reviewing the documents and you still have an interest in pursuing the regulatory process to request disclosure of the confidential documents, please inform Mr. Abrines at the above telephone number.

Please include the above referenced request number on any inquiries regarding this response. We wait to hear from you as to how you want us to proceed with your request.

Sincerely yours,

A handwritten signature in black ink, appearing to read "Adolph S. Everett". The signature is fluid and cursive, with the first name "Adolph" being more prominent and the last name "Everett" following in a similar style.

Adolph S. Everett, P.E.
